

As we bid farewell to 2023, we reflect on the excellent performance of the Group as a whole. This year has been an eventful one for Radium Development Berhad, filled with dedication, innovation, and a shared commitment to 'Building Good' for our community and beyond. Looking back, we're proud to have notched many notable moments.

R Suites Chancery Residences – Where Luxury Meets Lifestyle

One of the crowning achievements of the year was the launch of our first premium residential and

SOHO development project, 'R Suites Chancery Residences'. This project embodies the epitome of luxury living, setting new standards in Kuala Lumpur's real estate landscape. The response from our discerning customers has been nothing short of phenomenal, affirming our commitment to delivering excellence.

A New Milestone – Radium on the Main Market

This year marked a historic moment for Radium as we proudly made our debut on the Main Market of Bursa Malaysia. This significant move not only reflects our financial strength and stability but also positions us for sustained growth and continued success in the dynamic property development sector.

Desa East Residences – Meeting Diverse Housing Needs

At Radium, we believe in creating spaces for everyone. The launch of Desa East Residences, comprising the affordably priced Vista Adesa and the competitively-priced Radium Adesa, stands testament to our commitment to addressing the diverse needs of first-time homebuyers and home upgraders. With two distinct components tailored to different lifestyles and needs, this development reflects our dedication to making quality housing accessible to all.

Extending Our Reach, Enriching Lives

Beyond our developments, we extended our outreach efforts to touch the lives of those in need. Collaborating with organisations such as Shelter Home for Children, Zoo Negara Malaysia, Pertiwi Soup Kitchen, and the National Blood Centre, as well as TAR UMT (for the TARC-Radium Care Student Loan), we actively participated in activities that contribute to the betterment of our community. This is in line with our firm belief that 'Building Good' is not just about building structures, it's about building a better society for all.

Looking Ahead – Shifting gears for a spectacular 2024

As we stand at the cusp of a new year, our excitement knows no bounds. In 2024, we are eager to carry forward our mission of ‘Building Good’ for the current and future generations. Our commitment to sustainable development, community engagement, and unparalleled quality remains unwavering. We envision a year filled with new milestones, groundbreaking projects, and meaningful contributions to the communities we serve.

We wish to express our heartfelt gratitude to every member of the Radium family, our stakeholders, and our valued customers. Your unwavering support has been the driving force behind our success. Together, let’s continue to build not just structures but a legacy of positive impact.

Wishing you all a joyous festive season and a prosperous New Year!
